

SAFE CRIBS PROGRAM PLATTE COUNTY HEALTH DEPARTMENT

Safe Cribs is a program funded by the Missouri Department of Health and Senior Services and Children's Trust Fund. This program provides full-size portable cribs for qualifying families. Parents are provided information on safe sleep for their baby, and infants are provided a safe place to sleep. The overall goal of this program is to save infant lives and support families.

For additional information, please contact the Platte County Health Department at (816) 935-4094 or tia.bigus@plattehealth.com.

HOW TO APPLY:

Mother must be at 35 weeks gestation, or no more than 3 months postpartum.

Application must be completed. Eligibility determined by need as listed on application.

If eligible to receive a crib, must agree to 2-3 home visits. Information will be provided on crib set up and safe sleep. The initial visit will be held at time of crib delivery. The second visit will take place 4-6 weeks postpartum or after delivery of crib.
